SHIELD PLUS

FIRE RATED DOWNLIGHT

Our shieldPLUS range of die cast fire rated downlights feature a push fit installation combined with style, practicality and ease of fit; they meet the BS requirements for 30, 60 and 90 minute ceilings and are resistant to the passage of sound. Some models can be used for Part C compliance, please check the individual product for the relevant technical details

- Simple twist and lock for easy lamp replacement
- Fire rated up to 30/60/90 mins and acoustic rated

PUSH FIT SCREWLESS INSTALLATION

Simply clip the terminal box onto the bracket at the back of the can. When you hear a click it is locked on and secure

Push in tab on the input side of the top cover. Lift open the case. Strip 4-5mm of insulation from your cable

Simply push the cable into the terminal block. If the cable needs to be removed, push the lever on the terminal block

ORBITAL

The Orbital is a recessed LED downlight with no visible light source. The SMD LEDs are hidden to reduce glare, and the specially painted dome reflects the light out of the product. The LED gives a high light output too, with 500lm from the 5W and 960lm from the 12W products, both with a 120° beam, giving good light coverage. The anti glare design is extra slim, allowing easy install into shallow ceiling voids, and can be covered with insulation. Matt white finish and includes a dimmable LED driver, with suitable LED dimmer.

UP TO
960

825
LUMENS

ORBITA 13W

Using cutting edge Citizen COB chips, the Orbita has a lumen output of up to 825 lumens and can also be dimmed using the optional dimmable driver. Producing 20% more light than a 50W GU10 halogen lamp and with a predicted lifetime for the COB LED of 50,000 hours this is the ideal choice for any commercial environment

• Dimmable, LED driver required

COBRA XS INSTALLATION GUIDE

Installation is simple - The unique installation design is easy to install, the Cobra comes with a back plate which is secured to the ceiling or wall with the mounting plate. Once wired in, the Cobra XS fitting, in either warm white or cool white, can simply twist until a click is heard, the Cobra XS is now locked into place

1. Pull wire through the grommet in the back plate
2. Connect wire to terminal block within the mounting plate
3. Screw the mounting plate to the ceiling

4. When the build is complete, place the Cobra XS fitting
5. Line up the connectors
6. Twist & click the Cobra XS fitting into place

HIGH POWERED LEDs

High quality fittings featuring the latest in LED SMD technology, providing a very bright cool white light along a beam angle of 110°

Introducing our new range of high powered LED high bays. These high quality fittings use the die cast aluminium alloy body as a large heatsink to ensure that the LEDs are cooled efficiently and are supplied with a polished aluminium reflector with a beam angle of 110°. We have four wattages in the range, 50W, 100W, 150W and 200W with a lumen outputs from 3850lm to 16950lm so you can find the right fitting for your application. The products are supplied with 1.5m of pre-terminated cable. There is an integral mounting ring that can be used to secure the fitting with wire or chain as required

- Die cast aluminium alloy & aluminium alloy
- Textured grey & polished aluminium
- LED module (SMD 2835)

LED ANTI CORROSIVE

LOW MAINTENANCE COSTS

This LED anti corrosive batten's energy consumption is on average 50% that of the T8 fluorescent equivalent.

It is the perfect choice for performance combined with low energy consumption and high light output. Quick and easy to install with low maintenance costs, this fitting is constructed from polycarbonate making it shock and impact resistant. Available in a choice of lengths, lumen outputs, single or twin

- Frosted & grey pc
- LED driver included
- (SMD 2835) Natural White

INTERCHANGEABLE
HEADS

MIX & MATCH
Only available with white & blue options

THE IKON PRO RANGE SIZE OPTIONS

The Ikon Pro range comes in three different head sizes - 25mm, 35mm and 45mm. Mix and match sizes, colours or both. Connect up to 20 heads with one driver

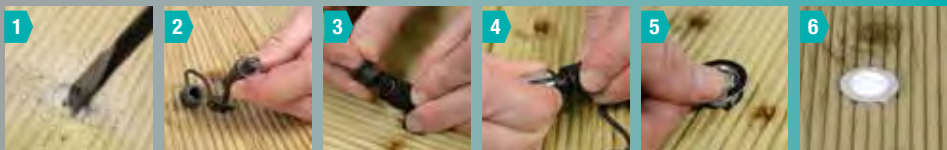

THE IKON PRO COLOUR OPTIONS

- Available in 3 different sizes
- Complete kit supplied
- Stainless steel (201) & polycarbonate
- Polished stainless steel & clear pc finish
- LED driver - Included

INSTALLATION GUIDE

The clever design of the IP67 connector means that you can mix the blue and white LED heads and different sizes too. Use the Ikon Pro heads to indicate a change of level or zone. The extension cable can be fitted between the driver and the first loom or between the two looms enabling you to configure your product perfectly.

1 Drill hole to the correct size

2 Push the wiring up through the hole

3 Use protective caps during construction

4 Place the LED heads onto the loom

5 Firmly push the head into place

6 Plug in and switch on

EMERGENCY LED CONVERSION KIT

CODE	TYPE	PRICE
85410	Emergency LED conversion kit EMST	£25.00

Our LED emergency conversion kit has been designed to work with a wide range of products that require 3 hour emergency solutions. The unit has an intelligent automatic recharging function coupled with deep discharge protection. It has a wide voltage output range of 4 to 60V and the constant current mode is controlled automatically. It is a compact design that can be used internally or externally and is supplied with a charging LED and an option test switch

DIM WITH REGULAR SWITCH

E27 LED GLS SWITCH DIMMING

800
LUMENS

HOW IT WORKS

1. Switch the light on, this will give 100% of the 10W lamp output, 800 lumens
2. Turn the switch off and on again to lower the light output to 60% of maximum
3. Further switching will lower the light output to 40% and 15%
4. Switch between these to find your preferred dimmed option

CODE	DIMENSIONS	WATT	LUMENS	PRICE
85822	H: 123mm Dia: 60mm	10W	800	£2.95

NEW

SWITCH BETWEEN COLOUR TEMPERATURES

E27 LED GLS COLOUR CHANGING

800
LUMENS

HOW IT WORKS

1. Switch the light on for cool white
2. Turn the switch off and on again for warm white
3. Switch between these to select your ideal colour

T8 LED TUBES

UP TO 2600 LUMEN OUTPUT

The LED T8 tube range is a direct replacement for a standard T8 fluorescent tube. The LED tube is a direct retrofit for the fluorescent tube in a magnetic ballast or switch start luminaire without the need to bypass the ballast or remove the starter. In order for these tubes to work in a high frequency or electronic ballast luminaire a modification needs to be made. This involves bypassing the control gear in the fitting and you may require an electrician to carry out this work.

These tubes are ideal for applications where a reduced lumen output is sufficient and due to their extended life offer substantial savings against their fluorescent counterparts.

VARILIGHT®

The VARILIGHT SCREWLESS is a modern range of decorative switches and Sockets, that offer a modern alternative to traditional flatplate ranges. It benefits from having the fixing screws concealed under the plate; and with no visible inserts on the switches it gives a very professional appearance. Available in both brushed steel and polished chrome, and with a range of data and power grid options available, it can be tailored to your job requirements

STUFFING GLANDS

CODE	DESCRIPTION	PRICE
E48265	20mm Black pack of 10	£3.40
E48266	20mm White pack of 10	£3.40

MAGIC POWER GEL

- 2 bottles for a total of 1lt/500ml of product, 1 small basin and 1 mixing spoon
- Non toxic and safe
- Re-usable & re-enterable even after long periods

CODE	DESCRIPTION	PRICE
E58962	1 litre	£28.80
E58963	500ml	£22.95

COMPACT JUNCTION BOXES

- 24amp Tee connection
- 3 Pole
- Cable diameter 4-9.5mm
- Temperature range -20°C to +100°C

CODE	DESCRIPTION	PRICE
E48047	IP67	£4.95

MAMMUT GEL COVER

- No more tangled wires or uncovered connectors
- Safe and reliable

CODE	DESCRIPTION	PRICE
E58982	Pack of one	£3.20

WONDER GEL

- Stays soft with time and never dries
- No shelf life
- Extremely sticky
- Maximum insulation and sealing
- Non toxic and safe

CODE	DESCRIPTION	PRICE
E58197	280ml Green	£14.50
E58964	280ml Invisible	£14.50

INLINE CONNECTORS

- 32amp Tube connectors
- Complete with fitting kit
- 3 Pole
- Temperature range -20°C to +100°C

UNICRIMP

VITESSE STARTER

Effective lighting connection systems

The Vitesse Starter is the first step in an effective lighting connection system. This four-way starter module provides power and control for lighting installations. Once it's installed, modules can be easily added or removed depending on future requirements and layouts. A total of three extender modules can be easily added to the starter module to create a 16-way lighting connection system, and can be just as easily removed should your requirements change.

NEW

STARTER MODULE

- Power Rating of system 16A (at 230VAC)
- Rating of each output 10A (at 230VAC)

CODE	DESCRIPTION	PRICE
E59481	4 Outputs	£24.75

NEW

EXTENDER MODULE

- Power Rating of system 16A (at 230VAC)
- Rating of each output 10A (at 230VAC)

CODE	DESCRIPTION	PRICE
E59482	4 Outputs	£19.85

NEW

PRE-WIRED PACKAGE

Pre-wired Package includes Starter Module, Ceiling Rose, 4 pole connector plug and 1 metre of cable. BESA box not included.

- Power Rating of system 16A (at 230VAC)

CODE	DESCRIPTION	PRICE
E59483	4 Outputs	£24.75

NEW

CEILING ROSE/CONDUIT BOX CONNECTION

This ceiling rose allows the Vitesse Modular system to be powered by an electrical supply.

- Power Rating of system 16A (at 230VAC)
- Rating of each output 10A (at 230VAC)

CODE	DESCRIPTION	PRICE
E59484	Ceiling Rose/Conduit Box Connection	£32.95

NEW

MOVEMENT SENSOR DETECTOR LEAD

Movement sensor leads for switching installations. These leads enable either one or two sensors to be connected to a Vitesse module.

CODE	DESCRIPTION	LENGTH	PRICE
E59485	Single Pir for Movement Sensor	3 metre lead	£8.45
E59486	Single Dectector for Movement Sensor	5 metre lead	£9.25
E59487	Dual Detector for Movement Sensor	3 metre lead	£11.95

NEW

LUMINAIRE LEAD

Allow a convenient connection load from Vitesse modular to luminaires. Available in white or red.

CODE	DESCRIPTION	LENGTH	PRICE
E59488	3 core white	1.0mm2, (3 metres)	£6.35
E59489	4 core white	1.0mm2, (5 metres)	£7.85
E59490	4 core red	1.0mm2, (3 metres)	£8.45
E59491	4 core red	1.0mm2, (5 metres)	£9.10

NEW

SWITCHING MODULE

The switching module can be added to any combination of starter and extender modules. Allows switches in parallel for two way and intermediate switching, and has an optional time delay function.

- Simple connection of switches using SELV removes the need for RCD protection
- Includes integral time delay feature

CODE	DESCRIPTION	PRICE
E59492	SELV switching module	£20.75

NEW

4 POLE LUMINAIRE CONNECTOR

Stand alone connector to allow bespoke cable make up

CODE	COLOUR	PRICE
E59493	Red	£2.65
E59494	White	£2.40

NEW

BASIC MOVEMENT SENSOR

A low profile, flush mounted movement sensor that provides auto on/auto off switching. Comes supplied with a pre-wired 3 metre lead.

- Time and lux level switching
- Plug and ceiling rose connection

CODE	DESCRIPTION	PRICE
E59495	Basic Movement sensor with time and lux level switching	£42.00
E59496	Basic PIR Movement sensor plug and ceiling rose connection	£45.00

MALE PUSH ON TERMINALS

- Suitable for use with the ratchet crimp tool (E58016)
- Meets BS En60352-2 standards
- PVC
- Pack of 100

CODE	DESCRIPTION	PRICE
E482761	1.5mm Red	£2.60
E482771	2.5mm Blue	£2.80
E482781	4-6mm Yellow	£3.50

BUTT CONNECTOR

- Suitable for use with the ratchet crimp tool (E58016)
- Meets BS En60352-2 standards
- PVC
- Pack of 100

PIN CONNECTOR

- Suitable for use with the ratchet crimp tool (E58016)
- Meets BS En60352-2 standards
- PVC
- Pack of 100

CODE	DESCRIPTION	PRICE
E482731	1.5mm Red	£2.99
E482741	2.5mm Blue	£2.99
E482751	4-6mm Yellow	£5.55

TWIN & EARTH FLAT CABLE CLIPS

- Self grip design
- Chemical inertness
- Stress crack resistance
- Thick steel nails prevents snapping
- Long nail for good pull out value
- High grade tough polyethylene for low temperature flexibility

CODE	DESCRIPTION	PRICE
E59012	1.5mm	£1.05
E59013	2.5mm	£1.10
E59014	6mm	£2.35

FEMALE PUSH ON TERMINAL

- Suitable for use with the ratchet crimp tool (E58016)
- Meets BS En60352-2 standards
- PVC
- Pack of 100

CODE	DESCRIPTION	PRICE
E481421	1.5mm Red	£3.30
E481431	2.5mm Blue	£3.30
E481441	4-6mm Yellow	£3.95

ROUND CABLE CLIPS

- Self grip design
- Chemical inertness
- Stress crack resistance
- Thick steel nails prevents snapping
- Long nail for good pull out value
- High grade tough polyethylene for low temperature flexibility
- Box of 100 except for E59171 & E59172 supplied in a box 50

CODE	DESCRIPTION	PRICE
E59164	3 - 4mm White	£0.95

UNICRIMP

CABLE TIES

Unicrimp Cable Ties are produced on multi-impression tools which mould complete one piece ties with no metal parts. They are manufactured from tough durable Nylon 6/6 which has been tested to underwriters laboratory UL94V2. The material is zero halogenated and also has a low smoke and fume capability when compared with materials such as PVC, PP, PE, ABS, POM, ect. The classified oxygen index at max 28% dry is considered excellent in halogen free and L.S.F. situations

- Comes in black or natural
- Nylon cable tie, corrosion and heat resistant
- Pack of 100

E48349	4mm	£5.60
E48350	8mm	£7.25
E48351	16mm	£10.25

CT1

Unique adhesion on virtually any material in most applications without the need for additional fixings. CT1 is the ultimate solution for sealing.

CT1 will successfully bond the following products:

metals (including lead), glass, mirrors, wood, polystyrene, fibreglass and a whole lot more of other products

- Excellent resistance to chemicals
- Prevents fungal growth
- UV resistant
- Excellent resistance to vibration
- Food safe - conforms to ISEGA Standards
- ETAG 022 Approved
- EC1 and A+ Certified
- Works in wet or dry conditions
- Perfect for marine and boating maintenance, accident and emergency repairs
- Can be used in all salt-water environments

National Lighting now offers a full range of Amendment 3 consumer units from Wylex.

Regulation state due to the number of consumer unit fires reported within domestic premises, Regulation 421.1.201 (UK only) has been added and requires consumer units and similar switchgear to have their enclosure manufactured from non-combustible material or be enclosed in a cabinet or enclosure constructed of non-combustible material and complying with Regulation 132.12.

RCD SWITCH 63A

- All metal enclosure no plastic parts
- Low Smoke and Fume paint
- Compact enclosure
- 30ma RCD

CODE	DESCRIPTION	PRICE
E59147	2 Way	£40.00

GARAGE UNIT

- All metal enclosure no plastic parts
- Low Smoke and Fume paint
- Compact enclosure
- Supplied with 63a rcd 30ma
- Supplied with 6amp and 16amp MCB

CODE	DESCRIPTION	PRICE
E59146	2 Way + RCD	£42.00

NEW

**HIGH INTEGRITY
DUAL RCD**

- Fully loaded - Comes complete with 6 x B-Type MCB's (2 x 6A, 1 x 16A, 2 x 32A & 1 x 40A)
- Also supplied with 1x 100A DP switch disconnector (Incomer) & 2 x 63A 30mA RCD's
- 12 Way metal consumer unit providing a total of 6 useable ways
- Complies with the 17th Edition Amendment 3 Wiring Regulations
- All Metal Robust Galvanised Metal Base, Lid and Door Visor

CODE	DESCRIPTION	PRICE
E59435	6 Way	£56.99

NEW

**HIGH INTEGRITY
DUAL RCD**

- MCB's included - Comes complete with 12 x B-Type MCB's (3 x 6A, 2 x 16A, 2 x 20A, 4 x 32A & 1 x 40A)
- Also supplied with 1x 100A DP switch disconnector (Incomer) & 1 x 63A 30mA RCD & 1 x 80A 30mA RCD
- 21 Way metal consumer unit providing a total of 15 useable ways
- Complies with the 17th Edition Amendment 3 Wiring Regulations
- All Metal Robust Galvanised Metal Base, Lid and Door Visor

CODE	DESCRIPTION	PRICE
E59436	15 Way	£75.00

**HIGH INTEGRITY
DUAL RCD**

- Fully loaded - Comes complete with 10 x B-Type MCB's (3 x 6A, 2 x 16A, 4 x 32A & 1 x 40A)
- Also supplied with 1x 100A DP switch disconnector (Incomer) & 2 x 63A 30mA RCD's
- 16 Way metal consumer unit providing a total of 10 useable ways
- Complies with the 17th Edition Amendment 3 Wiring Regulations
- All Metal Robust Galvanised Metal Base, Lid and Door Visor

CODE	DESCRIPTION	PRICE
E59219	10 Way	£64.50

POPULATED DUAL RCD BOARD

10 Way High Integrity

- Fully loaded consumer unit - complete with 10 MCB's (3x6A, 2x16A, 4x32A, 1x40A)
- High integrity - allowing for compliant connection of non RCD devices (e.g. Smoke alarms)
- Includes 2x80A 30mA RCD's & 1x100A mains switch (incomer)
- IET wiring regulations 17th edition - Amendment 3 compliant
- Constructed from steel - Includes mini trunking cut-outs on both rear and sides of unit

CODE	DESCRIPTION	PRICE
85627	10 Way	£52.50

Premium **Electrical** Products

METAL CONSUMER UNIT

3 NEW UNITS

5YR
GUARANTEE

MAIN SWITCH

- Enclosed in a robust all metal (non combustible) enclosure
- 32mm standard knock out for cable gland - top & bottom
- Dual screw terminals throughout
- Metal Door and Robust metal enclosure Steel Construction
- Live and Neutral cable capacity 16mm² min, 35mm² max
- 16mm Earth terminating point inside enclosure
- Supplied complete with 60A and 100A fuse
- Rotating fuse carrier for easy withdrawal

CODE	DESCRIPTION	PRICE
85883	Main Switch	£36.00

GARAGE UNIT

- Supplied with a 63A 30mA RCD incomer, and 2 B-Type MCB's rated at 6A & 16A
- Raised & removable DIN rail / busbar assembly
- Cable entry knockouts on 5 sides, top, bottom, left, right and rear
- Mains tails cable entry grommet / gland for supplementary insulation similar to Class II level of protection to mains tails
- RoHS compliant in excess of UK standards - UKAS certified to BS EN 61439-3

CODE	DESCRIPTION	PRICE
85882	Garage Unit	£21.75

POPULATED DUAL RCD BOARD

15 Way High Integrity

- MCB's included - Comes complete with 12 x B-Type MCB's (3 x 6A, 2 x 16A, 2 x 20A, 4 x 32A & 1 x 40A)
- Also supplied with 1x 100A DP switch disconnector (Incomer) & 2 x 80A 30mA RCD
- Complies with the 17th Edition Amendment 3 Wiring Regulations
- All Metal Robust Galvanised Metal Base, Lid and Door Visor

Philex is a leading manufacturer and distributor of antenna, signal distribution, audio video accessories, computer and electrical power products. Philex are market leaders in aerials with a wide range of models available for TV & radio reception including CAI approved High Gain models. Our huge range of aerial amplifiers & boosters cover every requirement, delivering great performance and excellent value for money.

SIGNAL BOOSTER

Designed to distribute digital TV & digital radio signals of up to 2 TV/ DAB tuners. Frequency range VHF/ FM/DAB 47-230MHz and UHF 47-862MHz

- Separate FM/DAB and UHF coax inputs
- DAB/FM tuner can be connected to any of the amplifier output
- Optimum digital reception N/A

CODE	DESCRIPTION	PRICE
E20046	2Way	£14.50
E20047	4Way	£17.95
E20048	6Way	£21.50
E20049	8Way	£21.00

DISTRIBUTION AMPLIFIERS

Created to intensify and distribute TV and FM aerial signals

- Separate FM and UHF inputs
- Boosts digital and analogue signals, even in poor reception areas
- Hi-Fi tuner can be connected to either of the booster outputs
- 12DB(UHF), 9DB(VHF) gain on each port

CODE	DESCRIPTION	PRICE
E20044	1Way	£8.50
E20041	2Way	£8.95
E20040	4Way	£10.95
E20042	6Way	£14.95
E20043	8Way	£15.75

OUTDOOR KIT

This 16 element compact wideband aerial comes with a built in signal booster kit.

- The kit contains log periodic aerial booster, booster power supply, full wall/loft fixing kit, 10m digital coaxial cable, 10x cable clips, 2x F connectors and 2m coaxial lead
- Amplifies signal by 16DB
- For outdoor or loft installation
- Log periodic aerial with booster
- Receives digital and analogue TV signals

CODE	DESCRIPTION	PRICE
E20016	1Way megaboost	£24.95

2 TV SINGLE AERIAL KIT

Complete kit for running 2 TV's from a single aerial

- Kit Contents: 25m coaxial cable, coax coupler, surface coax socket, 2x coax plugs, 2 Way Y splitter, 25x cable clips
- 4G compatible

CODE	DESCRIPTION	PRICE
E20000	2 TV single aerial complete kit 25m	£6.95

4 ROOM DISTRIBUTION KIT

A complete kit for distributing the signal from a single aerial outlet to (up to) 4 TV's. Suitable for Freeview Digital TV, DVB digital TV, DAB/FM Radio

- Kit Contents: 4 Way aerial amplifier, 25m digital coaxial cable, 4x 1m coaxial leads, 3x surface coax sockets, 3x coax plugs, 25x cable clips

CODE	DESCRIPTION	PRICE
E20001	4 Room TV distribution kit	£15.50

SATELLITE FINDER

This satellite finder allows the user to find the best azimuth/elevation settings for a satellite dish resulting in the best signal reception picture and sound quality

- Level control and sensitivity adjustment
- Analogue dial and audible tone level indicator

CODE	DESCRIPTION	PRICE
E20039	Satellite Finder	£9.75

EXIT FACEPLATES

Facilitates tidy cable management through walls

- Includes dry lining wall fixings
- Ideal for giving the 'floating' TV look
- Includes the faceplate

BLUETOOTH ENABLED

Vent-Axia

Introducing the Svava extractor fan by Vent-Axia - the UK's first app controlled unitary extractor fan. All modes of operation the fan can be set with the bluetooth enabled app; such as continuous or intermittent operation, timer duration and humidistat triggering. The fan can operate at a background speed with 10 l/s extraction; then when the sensor is triggered it can increase to 19 l/s. If the humidity then rises rapidly (i.e when using a shower) it can boost up to 30 l/s extraction.

- 4" ducting
- Includes intelligent light sensor with overrun timer & humidistat
- 3 Speed settings
- Up to 30 l/s Extraction rate (Boost mode)
- 17-20 db(A) Sound pressure level @ 3M
- IPx4 Rated for bathroom use
- 5 Years warranty

ELECTRONIC ROOM THERMOSTAT

The Sangamo Choice[®] is a basic mechanical room thermostat. It is an economical and simple to use device. Simply turn the mechanical control dial to your desired temperature to control your room temperature. This unit also produces an audible "click" when you turn the dial past the current temperature so you know when the system is being turned ON or OFF. The 2 wire thermostat is very easy to install and having volt free contacts is suitable for systems with either a combination or normal boiler. If you have a three wire installation, simply cut back and make safe the neutral and this two wire thermostat will give you years of faithful service.

Warmup**NEW****LOOSE WIRE HEATING****Warmup**

The Warmup loose wire heating system is an ideal heating solution for new-build, retrofits and refurbishments. The loose wire system consists of a thin loose wire that doesn't raise floor level. This means that there's no extra costs or time for the system to dry; and once laid the floor finish can be installed. This heating mat is designed for use under ceramic or natural stone tiled flooring.

- Thinnest dual-fluoropolymer coated heating wire on the market (1.8mm)
- Cable is tough and double insulated using advanced fluoropolymers
 - BEAB approved, European compliant and CE marked
- Floor levels will not be raised meaning no extra costs or time for the system to dry
- Loose wire system for under ceramic or natural stone tiled flooring

MAINS SMOKE ALARM - OPTICAL

- Interconnecting within range
- Tamper proof rechargeable lithium battery back-up
- Large volume optical chamber sensor
- Remote control capability
- Easy-Fit base
- 5 year guarantee

CODE	DESCRIPTION	PRICE
E10008	Optical detector with lithium battery	£35.50

MAINS HEAT ALARM

- 9V Alkaline Battery back-up included
- BS En 14604 accredited
- Fixed temperature fast response thermostat type sensor, range 58C - 4C
- Built-in test/hush button
- Easy-fit base
- 5 year guarantee

CODE	DESCRIPTION	PRICE
E10009	Heat detector	£26.75
E10010	Mains powered additional sounder	£22.95

RADIOLINK BASE

- BS En14604 accredited
- Provides wireless interconnection between alarms
- Up to 20 units can be fitted on one system
- 5 year guarantee

CODE	DESCRIPTION	PRICE
E10011	Radiolink	£39.50

RADIO LINK ALARM CONTROLLER

- For use with RadioLINK Fire & CO Alarms
- Test all alarms
- Identify triggered alarms
- Silence all alarms
- Built-in lithium battery - designed to last 10 years

CODE	DESCRIPTION	PRICE
E58228	Radiolink alarm	£44.35

ALARM LOCATOR

- Indicates the source of the alarm
- Can be fitted at low level for ease of use
- Automatically resets after 10 minutes
- Simple one button operation
- Can be surface or flush mounted

CODE	DESCRIPTION	PRICE
E10012	Hardwired switch	£24.80

MAINS SMOKE ALARM

- Best for fast flaming fires
- Proven long life ionisation smoke chamber
- Easy to install with an increased resistance to false alarms
- Compatible with RadioLINK+ technology for simple expansion of systems
- Improved ergonomics with a clean modern design and is future proof fully compatible with existing Aico systems

CODE	DESCRIPTION	PRICE
E59329	10 Year Rechargeable Lithium back up	£25.50

MAINS SMOKE ALARM - OPTICAL

- New improved optical sensor chamber with build in sealed mesh screen to reduce insect and dust contamination
- Easy to install with an increased resistance to false alarms
- Compatible with RadioLINK+ technology for simple expansion of systems
- Improved ergonomics with a clean modern design and is future proof fully compatible with existing Aico systems

CODE	DESCRIPTION	PRICE
E59327	10 Year Rechargeable Lithium back up	£36.00

MAINS HEAT ALARM

- Heat sensors triggers at 58°C
- Easy to install with an increased resistance to false alarms
- Compatible with RadioLINK+ technology for simple expansion of systems
- Improved ergonomics with a clean modern design and is future proof fully compatible with existing Aico systems

CODE	DESCRIPTION	PRICE
E59328	10 Year Rechargeable Lithium back up	£37.60

The new 160e Series is built on high quality, reliable and proven technology. Advancement that is tried, tested and trusted. Totally redesigned to be more compact and incorporate new technology, providing an increase in performance, the 160e Series is up to 18% slimmer compared to the 160RC Series alarms.

Building on our original 150 Series alarms, the 160 Series was successfully launched in 1999 and has given proven performance in millions of installations. It has constantly evolved to provide more functionality, such as RadioLINK wireless interconnection and Remote Control.

RADIOLINK+

- The 160e Series can now interconnect wirelessly with other RadioLINK and RadioLINK+ alarms and accessories via a plug in module
- The E59330 just slots into the alarm and is automatically activated ready to be House Coded
- Saves on installation time and associated costs

CODE	DESCRIPTION	PRICE
E59330	Radiolink	£38.80

MAINS CARBON MONOXIDE ALARM

Carbon monoxide alarm that runs on 230V AC mains power. Alarm can be screwed on the wall or mounted on to the ceiling

- Memory feature records if carbon monoxide (CO) has been detected
- Easy to use test/hush button
- 5 year guarantee

CODE	DESCRIPTION	PRICE
E10002	240V	£30.00

CARBON MONOXIDE ALARM

The Ei208W is a carbon monoxide alarm that runs on battery power. The sealed in tamper proof batteries included are designed to last 5 years. The alarm has a high performance electrochemical sensor to sense CO presence. The alarm can be screwed on to the wall or mounted on to the ceiling.

- Tamper proof battery cover
- Proven electrochemical sensor
- Memory feature records if carbon monoxide (CO) has been detected
- Load distinctive alarm sound (85db (A) at 3m)
- Easy to use test/hush button
- Meets BS EN 50291:2001

CODE	DESCRIPTION	PRICE
E10000	Battery powered	£17.95

**5YR
GUARANTEE**

BATTERY POWERED SMOKE ALARM

The ionisation smoke alarm is powered by a 9V battery. The alarm gives a fire warning when smoke enters the alarm

- BS EN14604 accredited
- Dual ionisation chamber sensor
- Built-in test button
- Low power cell warning
- 5 year guarantee

CODE	DESCRIPTION	PRICE
E10003	battery ionisation	£4.50
E10004	Interlinkable battery ionisation	£8.50
E10005	Ionisation alarm with hush	£8.80

FIRE EXTINGUISHERS

Fire extinguisher designed for domestic use. It is suitable for liquid fires, electrical equipment fires and gaseous fires. Ideal for wall mounting using the quick release bracket supplied. Not suitable for deep fat fires

- Simple trigger activation
- Supplied with quick release mounting bracket
- Suitable for liquid, electrical and gaseous fires
- 5 year guarantee

CODE	DESCRIPTION	PRICE
E10018	Dry powder	£11.50

FIRE BLANKETS

The first alert kitchen fire blanket is a great way to keep safe in the kitchen. It helps contain and put out household fires. Fitted with flame proof handles attached by Kevlar thread for extra strength

- 1m x 1m
- Maintenance free
- Quick release pull tabs

CODE	DESCRIPTION	PRICE
E10017	Red	£17.50

CONVENTIONAL FIRE SYSTEMS

Tâte Colsón

Premier 2/4 zone LPCB approved panel

- Robust electronic design
- Easy to install
- LPCB approved

Honeywell

INTELLIGENT WIRELESS ALARM

The Wireless home alarm with intelligent control comes with Honeywell's innovative new keypad, which provides sophisticated features such as Preventative Prompts and At Home Zoning Mode for greater peace of mind. The contactless tags also make it incredibly easy to arm and disarm your alarm system - simply swipe against the keypad and you're ready to go. Honeywell Home Alarm Kits have been designed to be easily installed, with all the accessories pre-linked and ready to go out of the box. All fixings and batteries are also included, so there's nothing more to buy, and there's even optional screw-free installation on most accessories with the included sticky pads. All this is backed up by our 2 year product guarantee.

- Perfect for the entire family to use. Simply activate and deactivate you alarm with one touch
- Leave your home with complete peace of mind. Lets you know if you've left a window or door open
- All device are linked together with batteries installed out of the box. No additional setup necessary. Just power up and install
- Rear mounting bracket for Siren to ease installation on the outside wall

CODE	DESCRIPTION	PRICE
