STYLE QUALITY VALUE

Style is never an accident. For nearly 70 years we have been using cutting edge designers to help create and develop our products, recognising that good design doesn't just make things easy on the eye, but easier for you to use too. Following a seamless line to the present day, our Range Collection combines high performance with excellent contemporary design, bringing you great quality and products crafted from the finest material.

CUSTOMER INFORMATION

Lecico is one of the world's largest designers and manufacturers of bathroom suites and fittings. Exporting to over 50 countries worldwide, our outstanding reputation is founded on design-rich products that have been crafted to the highest manufacturing standards.

Our ongoing quest for superior quality continues to draw acclaim from around the world. All Lecico products are subjected to a wide range of quality checks and controls throughout design and production. The standards we manufacture to include the UK BS 3402 Specification for Quality of Vitreous China Sanitary Appliances.

Health & Safety and the Environment

Lecico is also committed to conducting its business in a responsible manner. We protect the health and safety of our people, fulfil all applicable legal obligations, and continue to work hard to minimise our impact on the environment. Our environmental policies cover packaging and waste reduction, as well as sustainability of materials. We ensure these policies are communicated to all of our people to ensure a united effort towards our objectives.

Lecico is currently ISO certified for ISO 18001 Health and Safety; ISO 14001 Environmental; and ISO 9001 International Quality Management Standards.

Customer Care

Lecico is also committed to the highest standards of customer care. Our core objective is to maintain customer loyalty through exceptional products and service.

All of Lecico's bathroom products come with an extensive manufacturer guarantee. We offer:

25 year guarantee on ceramic products.

5 year guarantee on brassware.

2 & 10 year guarantee on soft close seats.

Great care is taken to ensure that products are always supplied in perfect condition. However, we always recommend that you check your purchase prior to installation.

Our guarantees apply to manufacturing defects only, and do not apply to accidental damage, wear and tear, or any item or component rendered defective by unsatisfactory planning, faulty installation, improper or negligent use, or damage resulting from failure to maintain the product.

Cleaning Guidelines

Ceramics

Ceramics should be cleaned regularly with warm soapy water. Rinse, dry and polish with a soft clean cloth. Regular cleaning will prevent the build-up of lime scale.

Be aware that some cleaners can damage the surface of ceramics and fittings – particularly if left on for a long period of time. We particularly advise against the use of strong cleaners that contain abrasives or chemicals.

Seats

The surface should be cleaned regularly with warm soapy water. Abrasive cleaning agents may damage the surface.

Chrome plated fittings and brassware

Clean regularly with a soft cloth and warm soapy water. Rinse, dry and polish with a soft clean cloth. Do not use household cleaners that contain abrasives or chemicals.

Brochure

All descriptions and specifications contained in this brochure are intended to represent a general idea of the goods. They do not form part of a contract, or give rise to any collateral liability upon the company.

Our policy is one of continued improvement, and we reserve the right to change designs and specifications at any time without notice.

All sizes are approximate at time of publication date.

All colours and finishes in this brochure are as accurate as printing processes will allow.

For more information about our products please visit **www.lecico.co.uk**. Alternatively please refer to your product specification manual. If you require further information please call our sales team on **01234 244030**.
