

WHO WE ARE

Established in 1987, Lecico Bathrooms is situated in Bedford. Our outstanding reputation is founded on design-rich, competitively priced sanitaryware that has been crafted to the highest manufacturing standards.

Lecico is one of the world's largest designers and manufacturers of bathroom suites and fittings exported to over 50 countries worldwide. We pride ourselves on our dedication to exceptional quality & committed customer service. Our wide range of sanitaryware makes us the ideal choice for all your bathroom needs.

"STYLES COME AND GO. GOOD DESIGN IS A LANGUAGE, NOT A STYLE."

74 ACRYLIC & STEEL BATHS For many years Lecico Bathrooms has been renowned for its market leading range of Atlas commercial sanitaryware. Until now we have been less known for our domestic bathroom range, but we have applied our global expertise in producing over 5 million pieces of sanitaryware to an innovative and stylish range of modern bathroom solutions. It's with pride that we present our third iteration of Designer Series. We've put over thirty years of experience into creating designs and developments that both impress and stand the test of time.

The range consists of 7 families of bathroom to suit all tastes and budgets, from contemporary to classic. Within the Series 5 and Series 6 families there are also our "Plus+" options which feature comfort height WC's in both round and square designs. We also have water saving and space saving products and all-new thin-lipped basin designs to choose from.

As well as ceramics, the Lecico Designer Series is delighted to offer you many options of high quality pre-built furniture, brassware, baths and soft-close seats to help make your perfect new bathroom dream a reality.

All Designer Series sanitaryware is covered by a lifetime ceramic guarantee for full peace of mind. For more information on guarantees see page 76.

STEPS TO PLANNING YOUR PERFECT BATHROOM

1

GETTING STARTED

- Measure the space you have.
- Set yourself a budget and time frame with some flexibility for incidental expenses and setbacks
- Think about living arrangements. Will you live on site or will you move out?

3

RESEARCH

- Begin thinking about styles and products you like. This can be through brochures, magazines, showrooms and exhibitions.
- Make sure the items you choose are appropriate for your bathroom dimensions.
- Compile your ideas into a moodboard and create a shopping list with the help of your installer.

5

DECOR & FINISHING

- Decide on where you're going to place any decoration and finishing touches you've bought.
- Make sure you note down any guarantee info for your products.

2

PLANNING

- Begin researching installers in your area. Make sure you view examples of their work.
- Talk to your selected installers about your space and ask for a quote.
- · Choose which installer to work with.

4

THE BUILD

- Plan how often to visit the site to view progress if you plan to move out during the build.
- Shop for any finishing touches you want in your bathroom once the build is complete such as soap dispensers, towels and ornaments.

CAMBRIDGE FURNITURE

- LIGHT SAGE

Sophisticated and desirable, the Cambridge furniture range is a Shaker style that is the perfect match for the Classic Series, reminiscent of a bygone era. However it is totally contemporary in a light sage colour and works equally well with sanitaryware from the other Designer Series.

CUSTOMER INFORMATION

Guarantee Information

Designer Series guarantees cover all manufacturing defects. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. All Designer Series chrome taps and showers carry a 10 year Guarantee, products with finishes other than chrome are guaranteed for 2 years, showers are supplied with a 5 year guarantee, cistern internals are covered by a 2 year guarantee, soft close seats and furniture are covered by a 5 year guarantees. For full terms and conditions on guarantees please contact us directly.

Prices

The prices included within this brochure supersede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices shown are inclusive of VAT and are subject to alteration without notice.

Errors & Omissions

In the interest of continuing design and development and product improvement, elect reserve the right to change colour, designs & product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

Measurements

All dimensions are in millimetres and are nominal, they are provided as guidance only.

Wastes

Wastes are not supplied with freestanding taps, wall mounted taps, bath taps, bath fillers and bath shower mixers.

Cleaning Instructions

Clean with a soft cloth and avoid surfactants and heavily perfumed products. Do not use abrasive scrubbing cleaners or equipment for cleaning.

WRAS

Where indicated that a product is WRAS approved, products have been tested and are fully compliant with the requirements of the Water Supply Regulations and Scottish Byelaws. WRAS Product Approval demonstrates that the water fitting should not cause waste, misuse undue consumption or contamination of the water supply and must be 'of an appropriate quality & standard'. If not indicated as WRAS approved, products are still made to the same exacting standards but have not been submitted for official approval and certification at this time.

TMV2

Certification demonstrates that the product is suitable for installation in domestic properties and meets the recognised standard of thermostatic control. Purchasing a TMV2 compliant valve ensures users a safe and comfortable showering experience.

At Lecico we know that water is a unique and limited resource. We're committed to reducing the amount of water used in the operation of our WC's; most come with a dual flush mechanism as standard. In addition we are now able to offer an increasing number of products within our ranges which only require 4/2.6 litres of water for flushing. This represents a significant saving on utility bills. Current developments include the addition of delayed fill inlet valves for our range of WC's. Lecico as a manufacturer of bathroom ceramics are aiding governments in their quest to reduce water consumption by producing new, exciting, innovative and technologically advanced bathroom products. We've also pledged our commitment to the provides easy access to a comparative database of bathroom products, which when installed and used correctly will use less water, save energy and save money. You can use the European Water Label as a

guide to find a toilet that will save you money.

THE LEGAL BIT

All items shown in this brochure are subject to availability and are correct at the time of printing.

All dimensions are approximate and subject to normal ceramic variation.

All items shown include VAT charged at the standard rate where applicable.

Although every effort is made not to change the information in this brochure, Lecico reserve the right to do so without prior notice.
