- 54 How to order your new VELUX blinds
- 55 Extras for your blinds and shutters

# Why VELUX®

Your VELUX roof windows deserve original blinds and shutters, for a perfect fit, beautiful design and long-lasting performance.

1

## Designed and tested for daily life

All VELUX products are **designed and tested for real life**. Our blinds and shutters are rigorously tested by being opened and closed thousands of times and exposed to extreme weather conditions. We pull, tug and squeeze the material to ensure your new blind retains its colour and shape through years of use. When we are happy with the design, our European factories start production.

2

## Easy to install and use

Original VELUX blinds and shutters are **tailor-made for your VELUX roof windows**. This means they always fit perfectly and are easy to install – with no measuring or cutting. The elegant and slim frame design **ensures a perfect looking result**, making the blind almost invisible when not in use.

3

## Your colours for your home

Enjoy an extensive choice of blind and shutter types in all styles and colours. You can even create your own customised blind with our **Colour by You** collection. And for a choice of side channels, you can now get a clean, all-white look.

4

## For safety and sustainability

VELUX blinds have **cordless designs to ensure safety** in your home. And all our interior blinds are **OEKO-TEX® certified** and guaranteed free from harmful substances. VELUX anti-heat shutters have dual functionality by protecting your room from overheating while actively deterring break-ins.

# Discover our timeless collection

From traditional loft spaces to modern kitchen extensions, the VELUX blinds collection has an array of colours, designs and features that will suit any interior and room type.

The VELUX blind collection is developed in partnership with leading international trend experts. Choose from a large variety of fabrics and colours in classic or more modern designs.

We offer three different roller blinds with flat fabrics, two types of pleated blinds, as well as our classic Venetian blinds. All varieties come in a range of colours for you to mix or match by choosing different or similar colours across your rooms and blind types.

Your choice of blind depends entirely on your personal style, the room type, and whether you are looking to create a complete blackout or light dimming effect.

**Customise the colour of your blind**  
If you cannot find the exact colour to match your interior, the Colour by You collection gives you thousands of additional colours to choose from.

Read more on page 31 or at [veluxblindsdirect.co.uk/colour](https://veluxblindsdirect.co.uk/colour)

## Clean all-white look

VELUX blinds are available with high-quality side channels in your choice of either brushed or white painted aluminium.

Brushed aluminium works exceptionally well with our lacquered wood finish roof windows while the white painted channels become

almost invisible when paired with white VELUX roof windows. Furthermore, thanks to their UV-protection, the bright white will stay unaffected by sunlight.

The side channels are easy to install and designed to complement your VELUX roof windows beautifully.

## Blackout or translucent blinds?

**Blackout blinds** will block any incoming light, making them a preferred choice for bedrooms and children's rooms where darkness is needed for a good night's sleep.

**Translucent blinds** allow a dimmed light to enter the room while effectively preventing glare. Translucent blinds are suitable for many room types like living rooms, home offices and game rooms.

## More natural by design

### Blinds that bring the feeling of nature into your home

Our new Nature Collection of roller blinds come in a range of colours that give the feeling of bringing the peace and tranquility of nature directly into your home.

Designed for maximum light control, perfect fit and long-lasting performance, they are the natural choice for getting the most out of your VELUX roof windows.

They are certified Standard 100 and STeP by OEKO-TEX® (1076-184 DTI) and are primarily made from recycled materials – which halves their carbon footprint compared with other collections – because it's our nature.

Join us on our sustainability journey.  
Read more about the collection on page 32.

Nature Collection blinds available March 2023.

## From manual to fully automated blinds and shutters

Enjoy seamless remote control with VELUX **solar or electric** blinds and shutters

Upgrade your solar or electric blinds and shutters with VELUX **Intelligent Home Control** solutions for smartphone control and fully automated heat protection

### Manual operation

#### **Simple hands-on solution**

Your manual VELUX blinds come with a clever and discreet control bar that lets you adjust the blind comfortably.

The blinds run smoothly and can be positioned anywhere on the roof window.

### Remote-controlled

#### **Smarter controls with VELUX solar or electric blinds and shutters**

Choose VELUX solar or electric blinds and shutters to simplify your home living. These products come with a ready-to-use wall switch for remote operation. And they can easily be upgraded with a range of Intelligent Home Control solutions to cover everyone's needs.

Select solar VELUX blinds and shutters for your manual or solar VELUX roof windows. Installation is easy with no need to run cables.

Select electric VELUX blinds and shutters for your electric VELUX roof windows.

### Intelligent Home Control

#### **Let Intelligent Home Control take care of your indoor climate**

Unlock the full potential of your solar or electric blinds and shutters with VELUX Intelligent Home Control solutions.

VELUX Touch makes it easy to control multiple VELUX solar or electric roof windows, blinds and shutters, with no dependency on Wi-Fi.

VELUX App Control lets you control your VELUX solar or electric products right from your phone – at home or on the go.

VELUX ACTIVE with NETATMO automatically improves your indoor climate and offers seamless control of your VELUX solar or electric products by smartphone or voice commands. To shield your home from excessive heat, you can simply let the system rely on the built-in indoor climate sensors and live weather forecast for automatic operation of your anti-heat blinds and shutters.

# Installing your genuine VELUX blinds is easier than you think

 Install your genuine VELUX blinds in 15 minutes

Installing VELUX blinds requires no measuring, trimming, cutting or extra tools. They are made for a perfect fit and everything you need is included in the box.

No need to measure

You can find your roof window's type and size on the roof window sash – see how on page 54. Then you can be sure that your new blind fits your roof window perfectly without having to take any measurements.

No need to cut or trim – just click on

Your VELUX roof windows have pre-installed mounting brackets for your blinds. Simply click on the original VELUX blind and add the side channels provided.

Easily replace your old blinds

It is straightforward to replace tired blinds with new ones from VELUX. You can still order blinds that fit almost every generation of VELUX roof window.

Block the heat on the  
outside of your roof  
windows with VELUX  
**Heat Protection** products  
and keep your home cool  
on hot days and nights

# Outdoor protection, indoor comfort

Our wide range of VELUX Heat Protection products effectively help you to protect your home from overheating, so you can enjoy a comfortable indoor temperature on even the hottest days or nights. All products can be installed from the inside by yourself or an installer. Discover the blind or shutter that best meets the needs for your home.

# VELUX pleated blinds

A stylish layer of privacy that either softens or blocks daylight entirely

# Translucent pleated blind

The VELUX translucent pleated blind is a decorative solution that provides privacy whilst diffusing soft natural light into your room. Adjust the blind from both the top and the bottom of the roof window\* to let in exactly the right amount of light.

- Softens incoming light and provides privacy
- A flying blind design that can be placed anywhere on the roof window\*
- Available with white or brushed aluminium side channels
- Available in solar, electric or manual operation
- Combine with an exterior shutter or anti-heat blind for effective heat protection. Read more on page 20

Blackout energy pleated blind

## Heat protection plus light control

Anti-heat blind +  
Translucent roller blind

Let the light in while keeping the bugs out with VELUX insect screen

# Insect screen

VELUX insect screens let you enjoy fresh air without the unwanted visitors. The screen is simple to operate, and can be combined with any other VELUX interior or exterior blind. It has transparent net fabric and stows neatly away in the slim top casing when not in use.

- 100% insect-proof material
- Transparent net fabric does not obstruct your view
- Durable, wind-resistant fabric for long-lasting performance
- Standard 100 by OEKO-TEX® (1076-184 DTI) – contains no harmful substances
- STeP by OEKO-TEX® – sustainable textile production

## Determine the correct size

- Measure the inner wall width (A) and height (B) to find the size code and price of your insect screen in the table below
- If you have two heights (B) or heights above 2400 mm – two insect screens and one connector set ZOZ 157 SWL are needed
- **IMPORTANT:** Insect screen size codes may differ from window size code, please measure (A) and (B) and find correct size code in the table below before ordering

## Installation

- Quick and easy installation

## New generation

# For curved and flat glass rooflights

### Anti-heat blind

VELUX anti-heat blinds provide light dimming and heat protection to maintain a cool and comfortable room. The blind is discreetly placed inside the rooflight, and is easily installed from the roof when installing the rooflight.

- Reduces overheating
- Semi-transparent fabric for light control and sky view
- Solar-powered blind with remote control
- Not compatible with blackout blind

### Blackout blind

VELUX blackout blind for glass rooflights blocks outside light for total darkness, anytime and is perfect for bedrooms. It is discreetly placed inside the rooflight and easily installed from the roof when installing the rooflight.

- Perfect sleep – day or night
- 99.9% blackout
- Great for bedrooms and media rooms
- Solar-powered blind with remote control
- Not compatible with anti-heat blind

### Insect screen

VELUX insect screen for glass rooflights lets you enjoy fresh air and a view to the sky without any insects. It comes in a contemporary white design, and is easy to install and simple to remove for cleaning.

- Fresh air and 100% insect-proof
- Durable, transparent net fabric does not obstruct your view
- Can be combined with an anti-heat blind or a blackout blind
- Standard 100 by OEKO-TEX® (1076-184 DTI) – contains no harmful substances
- STeP by OEKO-TEX® – sustainable textile production

# Order your new VELUX blind or shutter in five easy steps

1	2	3	4	5
<b>Locate your roof window type and size</b>	<b>Select blind or shutter type</b>	<b>Select operation</b>	<b>Select colour</b>	<b>Place your order</b>
Find your roof window type and size by checking the type sign placed either on the left or right side of the roof window sash when it is open.	Decide on the type of blind or shutter: blackout, light adjustment, heat protection, etc.	Select solar, electric or manual operation, depending on the placement and type of roof window.	Each of our blind colours has its own colour code, which you can see on the respective blind pages.  You can order free fabric samples at <a href="http://veluxblindsdirect.co.uk">veluxblindsdirect.co.uk</a>	Order on <a href="http://veluxblindsdirect.co.uk">veluxblindsdirect.co.uk</a> or by speaking to one of our dealers or a customer service representative.
See picture below for placement of type sign.			Please note: precise colour may vary from the printed samples.	

## Extras for your blinds and shutters

<b>Rod control</b>	<b>Rod adaptor control bar</b>	<b>Mounting brackets</b>
ZCZ 080 80 cm £16.80	ZOZ 085 £9.60	ZOZ 230 £9.60
ZCT 200 telescopic 100-180 cm £36.00	Adaptor for manual blinds with control bars supports easy operation with the rod.	For installation of blinds with white side channels and electric or solar-powered interior blinds on older VELUX roof windows without pre-installed mounting brackets.
The rod makes it easy to operate out-of-reach manual blinds.		

<b>Installation kit</b>	<b>Installation kit</b>
ZOZ 238 £31.20	ZOZ 229S £54.00
For installation of anti-heat blackout blind and electric anti-heat blinds (SSS, MSL or MML) on VELUX roof windows from before 2001.	For installation of anti-heat blackout blind and electric anti-heat blinds (SSS, MSL or MML) on VELUX solar and electric top-hung roof windows.

### Customer service
